Dear Chairman and committee members of the Agri Securitas Trust Fund

Tlalgaming Farmers Association and its members are so grateful for the donation received by Agri Securitas and we are sure it will bring some much needed help and safety to our area. We are always trying to improve the safety and security of our area and its people but don't always have money to buy equipment and implement plans and projects. Your donation will help us to do just that.

From the bottom of every farmers heart we thank you for the massive role Agri Securitas is playing in the country and the difference it is making to our lives and farming enterprises. We are eternally grateful and thankful!

Kind regards

Tlalgaming Farmers Association

Gordon Brown (Chairman)

William Harvey (Secretary)
